**MORDECAI ABRAHAM SORCHER, and
SROYA SORCHER,**

Defendants.

GERSHON, United States District Judge:

On March 26, 2007, the Honorable Roanne L. Mann, magistrate judge, issued a report and recommendation ("R&R"), following an evidentiary hearing, in which she recommends denial of defendants' suppression motion. Defendant Mordecai Sorcher has filed objections to the R&R and the government has responded. Upon review, the court finds the objections without merit.

The motion to suppress is denied.

SO ORDERED.
